EXPERIENCE

Gizmo Network, — Owner

July 2012 - November 2015

Gizmo Network was an online gaming community with a full, coordinated staff (moderation) team that I managed to ensure safe online play on our Services. We had a demographic of children, 12 - 15 years old. I also handled purchase complaints, and other customer services/support.

Evo Games Inc, — Public Relations

September 2016 - Current

I Made the 3D Models for Project WAR2.0, (mc-war.com), and worked closely with developers to make sure the game was fun for all players.

Director & Developer for GMOD Gamemodes

Provided Media content for Project WAR2.0

Arby's, Kirkwood Highway — Shift Leader

March 2016 - September 2017

As a Shift Leader, it is my job to train new recruits and have them more than ready and prepared to give support and service to hundreds of consumers a day. As a Trainer you are a "star-example employee" and it is your job to keep a high standard for all of your work to give off the impression to new members.
